Subject: Magnetometer Survey at Sanyo Site

Dear Ms. Hart:

This letter is to inform you that the magnetometer survey at the Sanyo Site will be conducted during the week of 6 July 1992. Mr. Glenn Brooks who will be performing this survey is available during this week. WESTON will make arrangements with Scintrex, USA for renting the magnetometer for the week of 6 July 1992.

We discussed during one of our telephone conversation that this equipment is available for use at other sites since we have to rent the magnetometer for a minimum period of two weeks. Please inform Mr. J. Ursic of the magnetometer survey at the Sanyo site if he wishes to participate in this survey and also to determine the use of this equipment at other sites.

If you have any questions, please call.

Very truly yours,

ROY F. WESTON, INC.
